STUDENT TESTIMONIALS

OUR VISION • YOUR FUTURE

MODERN, **REVOLUTIONARY** AND FUTURISTIC CAMPUS

The Cyberjaya campus has 134,000 sf of floor space, allowing FTMS to leverage upwards all the facilities that students have become used to and, in preparation for the gaining of University College status, to offer much more besides. For the technically minded FTMS' new building is set in a lush green landscape with water features, has a centralised air conditioning system, lifts, a gym, user-friendly disabled student/staff access and facilities and 24-hour security services. The architecture is strikingly ultramodern and the building is fully fitted for university use. An imposing atrium to the main concourse of the building commands attention, lifts the spirits and prepares all who enter for a creative, positive, inspiring, 'can-do' time.

The new campus at Cyberjaya has become the main campus and headquarters for FTMS in Malaysia and will provide support to the other Malaysian centres. As an MSC status organization it is most appropriate that FTMS' main campus and headquarters are located in Cyberjaya.
